PROFILE

Aspiring Web Developer with a strong foundation in front-end and back-end technologies. Passionate about building responsive, user-friendly applications and constantly exploring new ways to enhance UI/UX design, performance, and functionality.

- Skilled in JavaScript, React, HTML/CSS, and Python/Java with hands-on experience in projects that merge design and development.
- Excited to grow as a developer, contribute to impactful projects, and collaborate in dynamic environments.

WORK EXPERIENCE

MedxAI Innovations MAY - AUGUST, 2025
Data Analyst, AI/ML Intern

- Worked on developing an algorithm to mask fetal gender in ultrasound images, ensuring unbiased diagnostic evaluation. Implemented image processing techniques to enhance privacy and reduce gender-based bias in medical imaging.
